Ok Lisa. I can take care of my program counterparts but I need the clean final copy of the announcement so that I can send it to South Dakota

Please send the final version.  
Thanks. -Joy

Before it goes out, please send a copy to Mark Lawrensen at SD DENR.

Thanks – Joy

DOJ saw the release. It is good to go. We will keep you posted once the agreement is signed and the press release can go out. Thanks again for all of your help. One question from Joy- should the contact person be more legal since this is about a CD?

Thanks,

Ok - you folks hear back from your DOJ people? I got the quote approved (edited slightly). I can route to SLT and congressionals tomorrow and we can issue it next week if we're ready?  
I understand there won't be a press release for the Nelson Tunnel settlement.

Cool- I had a couple of suggested edits/comments on this one. I'll send this version along to Heidi and say we're still working out the final kinks.

Thanks,

Probably – who are you working with ? Can you do it? I don't have a particular DOJ contact for this settlement for public affairs but I have a name from other cases.

See Joy's message below regarding the water issue. Are we okay to run this past the State once everyone here (including SLT) has approved?

I think it is a jump to say it is "critical" as I am not aware of any nearby irrigation or stock watering.  
(maybe it's there but I have not heard this before).

I hate to be inaccurate because then people pick at us for that.

I think I would just keep it to say what you had, that the stream is "classified" for those uses.

Will you run this by Mark Lawrensen before it goes out?
